

## ASF2 Air Pillow Collection Basket

**Step 1:** Ensure that all assembly parts A-F, are all accounted for out of the box.

**Parts A:** Standard Wheels/Brake Wheels (4)

**Parts B:** Basket Posts (4)

**Parts C:** Support Brackets (16)

**Part D:** Bottom Shelf

**Part E:** Top Shelf

**Part F:** Basket Netting

**Step 2:** Screw both the Brake and Standard Wheels (A) to the bottom of the Basket Posts (B).

**Step 3:** Take 8 Support Brackets (C), and clip them onto the bottom of the Posts (B). Use the engraved lines on each post as a guide to ensure the brackets are equally aligned.

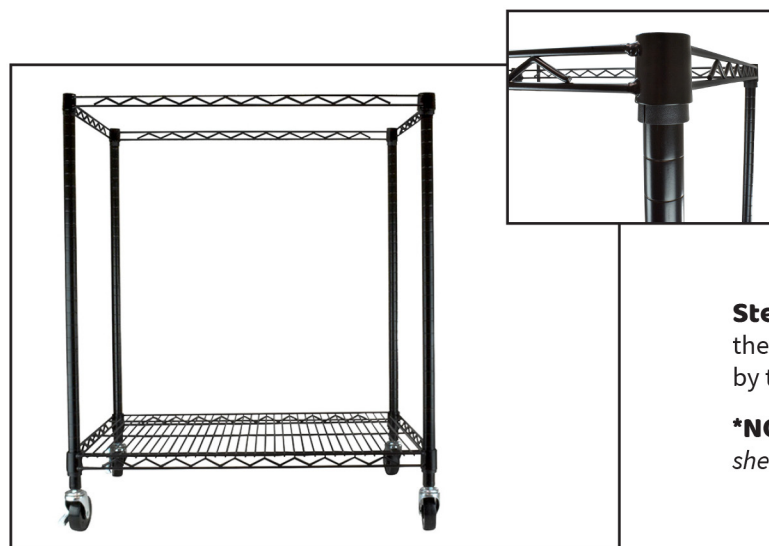

**Step 4:** Take the Bottom Shelf (D) and place the 4 Posts (B) into the designated post-holes until the shelf is locked into place by the Support Brackets (C).

**\*NOTE:** Hold Support Brackets (C) in place while inserting the shelf to ensure they do not slide out of position.

**Step 5:** Take the other 8 Support Brackets (C), and clip them onto the top of the Posts (B). Use the engraved lines on each post as a guide to ensure the brackets are equally aligned.

**Step 6:** Take the Top Shelf (E) and place the 4 Posts (B) into the designated post-holes until the shelf is locked into place by the Support Brackets (C).

**\*NOTE:** Hold Support Brackets (C) in place while inserting the shelf to ensure they do not slide out of position.

**Step 7:** Take the Basket Netting (F) and wrap it around the outside of the basket posts (B), while using the Velcro strips to secure the netting to the top and bottom shelves (D & E). Once the netting has been wrapped around each post, use the long Velcro strip to close the net fully.
